

GAURAV YADAV

Senior .NET Core Developer | 6+ Years Experience

New Delhi, India | +91-8860583717 | gauravbusy12@gmail.com

PROFESSIONAL SUMMARY

Software Engineer / .NET Core Developer with 6+ years of experience in designing, developing, maintaining, and deploying web applications and enterprise solutions. Strong hands-on experience with C#, .NET 6, ASP.NET Core, Web API, RESTful APIs, Entity Framework/EF Core, LINQ, and SQL Server. Experienced in JWT-based authentication and authorization, Dependency Injection, Design Patterns, Unit Testing, JavaScript, jQuery, Ajax, IIS, Git, and production deployments. Comfortable working across the full SDLC, collaborating with clients and cross-functional teams, troubleshooting issues, and delivering scalable business solutions.

TECHNICAL SKILLS

Languages: C#, JavaScript

Backend & Frameworks: .NET 6, ASP.NET Core, ASP.NET, ADO.NET

API Development: ASP.NET Core Web API, RESTful APIs

ORM & Data Access: Entity Framework, EF Core, LINQ, ADO.NET

Database: SQL Server, Stored Procedures, Triggers

Security: Authentication, Authorization, JWT

Architecture: Dependency Injection, Design Patterns, SOLID principles

Testing: Unit Testing

Frontend: HTML5, CSS3, JavaScript, jQuery, Ajax

Tools & Deployment: Git, Visual Studio, IIS, Production Deployment

PROFESSIONAL EXPERIENCE

Teraclab Pvt. Ltd. | Software Engineer (.NET Core)

Nov 2022 – Present | New Delhi, India

- Develop and maintain web applications and enterprise solutions using C#, .NET 6, ASP.NET Core, Web API, Entity Framework/EF Core, LINQ, and SQL Server.
- Design and develop RESTful APIs for business modules, including service booking and payment-related functionality.
- Implement authentication and authorization using JWT and apply Dependency Injection to build loosely coupled and maintainable application components.
- Develop and optimize SQL Server Stored Procedures and database queries to improve application performance and reliability.
- Work on responsive web interfaces using JavaScript, jQuery, Ajax, HTML, and CSS and integrate them with backend APIs.
- Apply appropriate Design Patterns and write Unit Tests for maintainable and reliable application code.
- Use Git for source control and manage application deployment and production releases through IIS.
- Collaborate with clients and team members to understand requirements, troubleshoot production issues, and deliver solutions across the SDLC.

Key Projects

CarVaidya | Mar 2023 – Present

- Developed backend REST APIs in ASP.NET Core for service booking and payment modules.
- Implemented database operations using SQL Server, Stored Procedures, Entity Framework/EF Core, and LINQ.
- Worked on JWT-based authentication/authorization and Dependency Injection for API components.
- Developed responsive UI functionality using JavaScript, jQuery, Ajax, HTML, and CSS.
- Optimized database procedures and application functionality and supported production deployment through IIS.

Steapl | Nov 2022 – Feb 2023

- Built modules for an online teaching and training platform using .NET 6, C#, ASP.NET Core, Web API, and SQL Server.
- Developed REST APIs, implemented database functionality, supported performance optimization, and collaborated with clients for requirements and issue resolution.

TechReflects Pvt. Ltd. | .NET Developer

Jan 2022 – Oct 2022 | New Delhi, India

- Developed and maintained web applications using ASP.NET Core, C#, Web API, Entity Framework, LINQ, and SQL Server.
- Designed and implemented interactive UI functionality using JavaScript, jQuery, Ajax, HTML, and CSS.

- Developed database Stored Procedures and optimized queries for application performance.
- Participated in code reviews, troubleshooting, testing, and performance tuning.
- Collaborated with cross-functional teams to understand requirements and ensure timely delivery of project features.

BSD InfoTech Pvt. Ltd. | .NET Developer

Oct 2019 – Dec 2021 | New Delhi, India

- Developed and maintained web and desktop applications using C#, ASP.NET/.NET, SQL Server, JavaScript, jQuery, HTML, and CSS.
- Worked on projects including PlayZone, ITGOA CHQ, Global Law Directories, and KIWI.
- Developed SQL Server Stored Procedures and Triggers and supported database-related development and troubleshooting.
- Worked on application enhancements, issue resolution, client communication, and production support.
- Participated in the software development lifecycle from requirement understanding through development, testing, and deployment.

EDUCATION

MCA – IGNOU

BCA – IGNOU

12th & 10th – CBSE
